ABOUT

IT undergraduate student with a strong foundation in Data Structures, Algorithms, and Computer Science fundamentals. Seeking opportunities to apply my technical skills and gain industry experience.

EDUCATION

B.Tech (CSE)	TKIET, Warananagar (2023–2027)	8.7 CGPA
HSC	SGM College, Karad (2023)	76.33 %
SSC	Angle International School, Karad (2021)	88.40 %

EXPERIENCE

Intern at Computer Data Center | Warana University, Warananagar Feb 2026 – Aug 2026

- Developed and maintained the University Student Registration Portal using PHP, Laravel, and MySQL, working on student registration, eligibility verification, and accounts-related workflows.
- Implemented eligibility and fee-management workflows, including document validation and fee assignment based on student category, academic year, year of study, program, and course, along with individual student fee management.

PROJECTS

Tax Compliance System [React, Node.js, Express.js, MySQL, OCR] [Git](#) Feb 2026 – Aug 2026

- Developed a full-stack tax compliance platform using React.js, Node.js, Express.js, and MySQL to manage user tax data and compliance activities.
- Implemented PAN document verification using Tesseract.js OCR, validating extracted details against a PAN Master Database, and built tax analysis logic for ITR, TDS, refunds, and tax calculations.
- Developed an admin dashboard and automated email notifications using Nodemailer to monitor compliance status and notify users about pending tasks and deadlines.

GoGreen – Carbon Footprint & Sustainability Reward Platform | MERN Aug 2026 – current

- Developed a MERN-based sustainability platform where users submit eco-friendly activities with proof images for admin verification and approval.
- Implemented a Carbon Calculation Engine to estimate CO₂ savings and award Green Points, with JWT-based authentication and authorization for secure user and admin workflows.
- Planned: gamification features such as streaks, leaderboards, and achievement badges.

TECHNICAL SKILLS

Languages:	C, C++, Java, Python
Frontend:	HTML, CSS, JavaScript, React.js
Backend:	Node.js, Express.js
Databases:	MySQL, MongoDB
Tools:	Git, GitHub, VS Code
CS Fundamentals:	DSA, OOP, DBMS

Leadership & Activities

- Sergeant, National Cadet Corps (NCC)
- Technical Lead, LogiCode Committee
- Completed 2500+ minutes of English speaking practice on the PeerUp learning platform
